Shoppers Drug Mart Optimum Point Donation Program A Unique Way to Support our Cause

Give A Miracle A Chance (G.A.M.E.) mission is to reach out to children challenged with Special Needs. Our goal has always been to get every child to the extreme of what they are capable of doing. We have clearly seen the results of the intervention we support through the success of our children: first steps, new milestones, happy faces.

Please support us! With the opportunity presented by Shoppers Drug Mart's Optimum Program, you can help our organization. Shoppers Drug Mart is dedicated in supporting G.A.M.E. and our great cause.

By donating some (or all) of your Shoppers Optimum Points to our organization, you are making it possible for us to use your points at Shoppers Drug Mart towards the purchase of products and supplies we need for our ongoing operational and fundraising activities.

To donate your Shoppers Optimum points, please visit: www.shoppersdrugmart.ca/donate. If you are not presently a Shoppers Optimum Member, just ask for a card at your next visit to Shoppers Drug Mart. Your new card will be issued right on the spot at no cost.

With your support, this initiative has the potential for us to "OPTIMIZE" our fundraising dollars and allows us to continue providing our services for our Special Needs Kids.

Our organization can only be a success with the support of patrons like you. With your support we will be able to help our Special Needs kids receive the help they need. Please contact lynn@giveamiracleachance.com or call 1-877-603-9991, ext. 1 with any questions and provide further knowledge about our foundation. Please visit our website at www.giveamiracleachance.com.

Sincerely,

A handwritten signature in blue ink that reads 'Lynn Marles'.

Lynn Marles
Executive Director
